

## Suffolk CAMRA: Suffolk pubs believed to be trading during lockdown

(late Jan/early Feb 2021)

**NOTE:** This list of pubs has been created by members of the Suffolk CAMRA branches based on information published on the pub websites and Facebook pages during a period of forced closure due to the Covid19 outbreak [since 24 Dec 2020].

At time of publication it is not known when this period of closure might end.

Details given are believed to be correct at time of publication, however some pubs may change their offering at short notice depending upon local support and demands, so we would always recommend directly contacting each pub listed to confirm any order.

Whilst some pubs (with off-license facilities) may still be able to offer beer sales for home consumption, at the time of writing, most cannot due to national government instructions and restrictions.

**NOTE:** this guide is intended to raise awareness of pubs still trading in various localities around Suffolk. Hopefully it may help any users to find pubs close to their home that they are able to support! It is not intended to encourage long journeys. We welcome any feedback and will seek to update this list if required in due course.
